

# YOU MAY BE ELIGIBLE FOR OUR SMALL BUSINESS DISCOUNT!

**A Small Business Discount is available on your primary Blue Book membership service if your company's annual sales are below \$10,000,000.**

This must be verified by providing Blue Book with your company's latest annual financial statements (balance sheet and income statement), which will also be used to assign your company a Credit Worth Rating in the Blue Book.

Balance sheet information may be held in confidence upon request, and income statement information is always confidential.
